CURTEZ ANDERSON-GENTRY

curtezgent@gmail.com | Bloomington, IN

OBJECTIVE

Motivated Intelligent Systems Engineering student seeking to lead AI community initiatives on campus, bringing hands-on technical experience and a track record of organizing events and public speaking to help fellow students build AI fluency and explore hands-on AI tools.

EDUCATION

Indiana University Bloomington *Bloomington, IN*

B.S. Intelligent Systems Engineering (CS Track), Minor in Business — Class of 2029

- Hudson & Holland Scholar
- Relevant coursework/skills: C, Python, HDL, digital logic design

SKILLS

Programming: Python, C, HDL, digital logic design

AI Tools & Applications: Hands-on use of generative AI tools; interest in applying AI to student-facing academic and well-being solutions

Collaboration: Cross-functional teamwork, project-based sprints, remote collaboration, leadership under deadline pressure

Event Planning & Public Speaking: Organizing and running campus events, public speaking to campus groups

LEADERSHIP & ACTIVITIES

High School Football — Team Captain Responsibilities *Aug 2021 – Oct 2024*

- Led teammates through high-pressure, high-stakes situations, taking ownership of mistakes and adjusting strategy in real time
- Built resilience and follow-through by consistently regrouping the team after setbacks to meet season-long goals

Pave the Path — Trailblazer

- Selected for a leadership development program focused on mentorship and goal-driven personal growth
- Invited to speak at a Pave the Path community event, sharing my experience with attendees

IU Black Excellence Event — Guest Speaker

- Spoke to fellow students at an IU Black Excellence event, sharing insights and connecting with the campus community

Engineering Coursework Project *2025*

- Designed and built an educational game for elementary school students as part of an IU engineering course, translating a learning objective into an interactive product

Mu Beta Lambda Business Fraternity *Member*

- Member of a professional business fraternity, building leadership and networking skills alongside peers across disciplines

WORK EXPERIENCE

The Deck — Runner *May 2025 – Present*

- Rotate across multiple front-of-house positions in a fast-paced restaurant, adapting quickly to shifting priorities under time pressure
- Coordinate with kitchen and serving staff in real time to keep orders accurate and on schedule
- Lead work meetings with staff to align on priorities and expectations

Walmart — Cashier *Feb 2023 – Jun 2023*

- Processed high-volume transactions with consistent accuracy in a fast-paced, deadline-driven environment

United Staffing Solutions — Dietary Aide *Sep 2022 – Feb 2023*

- Learned and applied individualized dietary restrictions across a resident caseload, tailoring solutions to each person's needs

Salsa Grille — Cashier *Mar 2022 – Sep 2022*

- Delivered friendly, accurate customer service in a fast-paced, high-volume environment
